FOOD TRUCK & MOBILE CATERING MENU / PACKAGES 2023

Let us do the work, while you ENJOY your party!

We take care of everything...and we do it a little bit different than the other trucks out there!!

We set up our tables right outside of the truck
(or anywhere you would like, inside your venue/home, inside a tent, backyard etc.)

Our servers will bring food out in small batches “buffet style” where guests can take and eat whatever they would like!

Everything is cooked & prepared on-site. As guests take food, we continue cooking & filling the table with **fresh, hot, AWESOME, food!**

No lines to wait in, Nobody will leave hungry, and guests can come up and eat whatever they want, whenever they want, for the duration of the serving time!

Packages Include:

serving tables, black table linens, serving platters, serving utensils
high quality disposable plates, utensils, napkins, & condiments

Our truck is equipped with an awesome sound system & speakers that can play any genre of music requested! We also have microphones available for speeches / announcements.

Unfortunately, we can not be responsible for removing additional trash produced by other aspects of the event including but not limited to bar service, party decorations

- **Table Linens / Serving Platters**

We supply all serving tables and serving platters required for your event. Our display includes a mix of white serving platters, cast iron pans, and rustic wooden crates. **We use black table linens for all serving tables.** Some clients may prefer a different color linen to match the theme of the event. In this case, we are happy to provide a list of required linens, with measurements for our setup to be added to your rental list.

- **Plates & Utensils**

We supply disposable plates and utensils for your event. This includes cocktail hour plates, dinner plates, dessert plates & utensils! Our dinner plates are compostable, made with bamboo & unbleached plant fiber! High quality, strong, durable, white plastic utensils. White paper napkins.

Some clients may prefer to use other types of plates and utensils. We offer a few different options for larger events like Weddings or Mitzvahs including bamboo, plastic, silver, gold, or rose gold disposable products. Ask us for more info and pricing!

Additionally, some clients prefer to rent “real” plates or silverware or china. This is not a service we provide, however we can point you in the right direction! We work very closely with **Simply Serving CT**, who can provide rental services as well as serving staff and sanitation staff for your rentals. When using rental dishes or silverware, additional staffing will be required from an outside company.
